The materials listed below were developed by the 2002-2010 ASCCP Patient Education Committees and approved by the Board of Directors for use by patients. The ASCCP pamphlets were reviewed for content and scientific relevance in 2010.

This material is provided for informational purposes only. It does not constitute medical advice and is not intended to replace professional care. Please consult your health care provider with any questions or concerns you may have regarding your condition. The ASCCP National Office does not provide individual consultation on cases or diagnoses.

While you may download, print and distribute these materials freely to your patients, they are copyrighted materials and all rights are owned by ASCCP or other designated owner (e.g., CDC). Therefore, they may not be changed, edited or altered in any way.

Patient Education Pamphlets currently available for download by ASCCP Members:
